On the higher aspect of the question I need say little; the moral oblibation rests upon everyone to do his dity—not merely to his fellow creatures, but also to the lower animals which Providence has entrusted to his care. They are in every sense our dependants; they are estimated to us for useful purpose—not as objects upon which we can wreak our cruci desires, or leave to the tother mereles of those who, alsa, in many loss, do not seem to know what merey is.

J. J. HILL AND THE N.P.

Has He Got it : and How Did He Get It Railway Men Would Like to Know.

Has He Got H: and How Did He Get H:?

Railway Men Would Like to Know.

The rumor is again revived that James
J. Hill has acquired control of the Northern Pacific railway system in addition to
his own property the Great Northern. It
is not yet known what details have been
agreed upon in the deal whereby J. J.
Hill secures control of the Northern
Pacific. Railroad men of St. Paul say it
would be interesting to know just how y
the Morgan Belmont combine has been
disposed of, if at all, and just where Henry
Villard is coming in; for Henry must
come in because he is a heavy holder of
deprecated securities purchased during
the slump, and he is eager for his price.
Besides there is another reason why it
must be conceded that he comes in some
where. Mr. Adams, the representative
of the Deutsche bank on the committee
of reorganization, who went to London
with Mr. Hill to attend the conference,
is a Villard man. His selection as a member of the committee was a Villard trick,
and while the intervention of Hill was
not fully foreseen, it is not likely that
Mr. Adams has overlooked Mr. Villard's
interests, even though interrupted, although it may be possible after all, that
Hill and Villard are working together, as
they did at the outset in Everatt.

It is said, the scheme was worked by

one:
"To Alderman McCreary:
Sin—Art thou equal to fight against
God? He commanded, "Remember the
Sabbath day to keep it holy." Is running street cars on Sunday encouraging
the people to keep it holy? Then read
His Thou shalt nots," in Excelos: Sunday work (unnecessary work) is strictly
forbidden by Him. Do you want to

Relieves Kidney Disease Immediately, But it Also Heals and Removes Trouble.

Trouble.

Those dragging pains in the loins that are a common symptom of kidney trouble are most distressing, but they are only the forerunner of more acute pain, and will develop rapidly if an effective remedy is not applied. No medicine acts on the kidneys with such speediness as South American Kidney Cure. It gives relief in the most distressing cases in a few hours. But it does not stop here. It is a great healer, and its continuous use for a short time completely banishes the disease. It is a cure for kidney trouble, and only it, but it never fails here.

other Remedies Failed B. B. Made a Perfect Cure, Restoring Robust Health.

Health.

Gentlemen.—To say all I ought to in favor of B. B. B. would be impossible. It has been a great health restorer to me, and I do swear by it. I am a different man now to what I was ten years ago when it was expected I would be in the asylum, but now I am in perfect robust health, and it was B. B. B. that did it. I suffered for five of six years from constipation, sometimes so severely that I went out of my mind. I tried various doctors, both in the country and in the city, and took medicines too numerous to mention, but everything failed to have the desired effect. When I used Burdock Blood Bitters, however, it succeeded beyond all expectations, requiring only two bottles to cure me. To make it more certain that B. B. B. is the real cure for Constipation, I may say that some two years afterwards I felt the symptoms returning and took one bottle more, and from that time to the present day (over eight years) I have never had any return of the disease. I never knew any medicine to work so well. It does not seem to be a mere reliever but a sure and certain cure, as I can certify to, for hundreds of dollars worth of medicine and advice failed to do me any good, but three dollars' worth of B. B. B. made a permanent cure that has given me years of health and comfort.

Yours truly.

Damage Done by Dogs.

Damage Done by Dogs.

Another international complication has arisen which will be brought to the attention of Secretary Gresham at Washington. It arises from the killing of sheep near the Canadian boundary line. The collector of customs at St. Paul recently received a letter from Hannaford. Minn., saying: "On the 2nd of this month one of my sheep was killed by dogs belonging to Irdiansliving in Canada. My farm is at the junction of the Big Fork and Rriny rivers. Indians from Canada make it a practice to come on this side of the river to make maple sugar, camping on lands adjacent to my farm. Their numerous dogs worry the cattle and sheep of the few settlers on the American side. I am in hopes that you will forward this letter to see if I cannot get paid for the loss of my sheep. I pay my taxes, and I feel that I am enjitled to be protected from Canadian Indians and their dogs."

His sympathies with Turkey in the Armenian controversy had already been made known in an open letter addressed to Mr. Gladstone, in which he protested in the name of common honesty and true humanity against Mr. Gladstone's condemning the Saltan and the Turkish army unheard. He also expressed his doubts that any deliberate atrocities in Armenia had been perpetrated by the troops and asserted that there was no evidence that the sultan was responsible. The Armenian agitation was declared to be an attack on Mohammedanism. Mr. Gladstone and the Duke of Argyle were bitterly attacked for their attacks upon the Turkish government. A disturbance occurred at this and Sir Ellis Ashmead-Bartlett called for order repeatedly. He then descended into the hall and personally ejected the disturbers. Sir Ellis is American born, Brooklyn having been his birthplace, and he was educated in Amherst college. Massachusetts.

The U.S. revenue cutter, Commodore Perry, hurried out of San Francisco port recently on an important mission. She will make all the haste possible in order to reach Behring Seain time to prevent the fleet of cutters, which is now heading for the sealing grounds, from seizing any armed vessels as is the present intention. Upon the fleetness of the Perry may depend the warding off of serious compilications with England, as the latter government has practically decreed that any interference with armed sealing vessels flying the British flag will meet with retailation in the shape of claims for heavy damages, and the Perry's sudden departure for the north is considered an indication that the administration does not desire to invite any more trouble with the lion on the sealing question.

The United States government has realized it to be a difficult undertaking to intercept the revenue cutters now cruising he North Pacific before they have an opportunity of seizing Canadian sealing vessels, which they may flad within prohibited waters violating the Behring Sea regulations, as they presume to exist, being ignorant of Great Britain's repudiation. Almost a week will elapse before the outter Grant receives sufficient repairs for a sea vorage. The whereabouts of the patrol fleet is unknown, other than that the cutter Rush, carrying the commander of the fleet, C. L. Hopper, is supposed to be cruising slowly along the commander of the fleet, C. L. Hopper, is supposed to be cruising slowly along the commander of the fleet, C. L. It is believed the government will dispatch a vessel at onee from Mare leland on a Similar mission.

Earl Kimberley's Decision re Prisoners in

The steamer Australia brings advices from Honolulu that the decision of Lord Kimberley regarding G reat Braitain's position on the question of citizenship and protection to those o meerned in the recent uprising, has just been received in the case of Walker and Rickard are looked upon as citizens of Great Britain and subject to protection from that country. The decision is particularly interesting on account of the letter recently received at San Francisco from Secretary Gresbam, which indicates a policy on the part of the United States directly opposed to that of Great Britain Walker and Rickard are naturalized citizens of Hawaii; took the oath of allegiance to support the constitution and the laws; and swore allegiance to the king.

The Hawaiian oath of allegiance is as follows: "Section 452—Every foreigner so naturalized shall be deemed to all intents and purposes a native of the Hawaiian islands, amenable only to the laws of this kingdom and to the authority and control thereof, entitled to the protection of the said laws and no longer amenable to his native sovereign shile residing in this kingdom, nor entitled to resert to his native country for protection or intervention. He shall be amenable for every such resort, to the pains and penalties annexed to rebellion by the crimit-al code."

Earl Kimberly's decision setting at naught this law has been made without exchange for the Hawaiian government's decision. The remainder of the decision is a matter of much doubt. In view of the action of Great Britain in the matter of Nicaragua, it is feared the British may proceed to extreme massures without submitting the matter to arbitration it would be lieve it meant nothing but the forcible occupation of the south. If there should be a forcible occupation of the south. If there should be a forcible occupation it would restoration of the south. If there should be a forcible occupation of the south. Nicaragua had until May 20 to pay the indemnity, under the terms of agreement, which allowed her fifteen days after the British war ships left Corinto. The departure of the British took place May 4. The payment of the smart money on May 16 closes the incident which resulted in the occupation of Corinto for a week by British marines and the floating of the British flag over that town. That portion of the dispute which Great Britain declined to submit to arbitration is thus settled. Such damages for losses to British subjects in Nicaragua as are claimed by Great Britain and remain unsettled, the British government has concerted to submit to arbitration.

Thursday, Friday, Saturday Sunday ... Monday ... Tuesday ...

-Quite a number of our townspeople intend taking in the Touchwood races on the Queen's birthday.

-H. Telford left on Sunday morning with the running horse Twilight, to take part in the Brandon races.

-Mr. F. LeBrun, representing Jas. Coristine & Co., Montreal, paid us a pleasant visit on his way from

-Mr. Urquhart, Winnipeg, was in town on Monday, on business connected with the Canada Permanent Loan Co.

-Messrs. A. McIntosh and W. Powley left on Monday with two horses to take part in the Touchwood races on the 24th.

—His Honor Lieut.-Governor Mackintosh, accompanied by Mr. R. B. Gordon, passed through on Friday night on his way to Ottawa on business connected with the Territorial exhibition.

-We regret having to announce the death of Dr. Peters, superintendent of Medicine Hat hospital, which occurred on the 11th inst., and whose illness we published in last issue. The doctor was a man of great promise and was only 28 at the time of his death.

-Some excitement was on the race track when it was known that Mr. Moriarity's black mare, Babe, had been backed to do the half mile in less than 57. Great was the astonishment of the knowing (?) ones when the time was given as $55\frac{1}{2}$. Result: The talent got left, and a considerable amount Highest Nonors-World's Pair. changed hands over the event.

-Indian Head is determined to celebrate Dominion Day in first class style, judging from the posters that have just been issued from the Progress office. The day's amusement will consist of horse and pony races, athletic sports, baseball and football, the whole to wind up with a grand ball. The Indian Head boys deserve a good attendance.

-On Sunday, a week ago, a most distressing accident occurred at Walhalla, N.D., whereby a young lad named Harvey may lose his life. It seems that he and another lad were playing "Indian" with
Mr. Harvey's rifle which was sup-

to be unloaded, but a cartridge was still in the magazine, and on the one lad presenting the rifle at the o her it was discharged, the bullet entering a little below the ear and passing out at the jaw on the oppowere immediately summoned and they have hopes of pulling the boy

-It is the intention of Commissioner Hercimer of the N.W.M.P., to offer a prize of \$50 for the best celding, 4, 5 or 6 years old, raised in the Territories, suitable for police r mounts, and \$25 for the second best horse. These prizes will be given for exhibits at the Territorial Fair at Regina this summer. The condition of puzes are that winners become the presenty of the police at a price of \$125 each.
